Emilija and Carla have the following requests for video:

PERFECT PITCH: (deadline Saturday night, 11:59pm...ish...)

-- videos of singing the note names ("E - F - G - F - E...etc.), measures 52 to 60

-- videos of "lah dee dah...", measures 89 to the end, or maybe starting as early as measure 83.

(These are both parts that it's difficult to find meaningful images for, so having chorus members singing would be helpful.)

IN THE FARAWAY NEAR: (deadline Monday night, 11:59pm, again ...ish...)

Emilija says: "I think it might not hurt to remind people in an email to send in video for Faraway Near of the Hidden Ear, since that has lots of fun opportunities for props!"

Thanks so much, everybody! --Sue
