We'll be uploading the "The Nose Knows" video in the next few days, and as always, we'll send out an email to let you know when we do!

THIS WEEK:

- We'll start with some warmups
- We'll then sing through "Single Photon" ([sheet music](#) / [demo](#)) again, reviewing those tricky rhythms. David is working on an alternate version of the sheet music which has many of his alternate time signatures incorporated, so be on the lookout for that.
- We're next going to learn the new song, "All About Tears" ([sheet music](#) / [demo](#)) by [Molly Ruggles](#), which is about the different kinds of tears we shed in different situations. This is a 4-part a cappella song, so we'll break up into
- SECTIONALS where we'll work on the individual parts.
- When we reconvene, we'll put all the parts together and sing through what we've learned.
- We'll close by singing through "That's How Things Are Seen" ([sheet music](#) / [demo](#)) one last time.

NEW ON THE WEBSITE:

- Links to a couple of articles about the "Single Photon" experiment
- Alternate version of "Single Photon" sheet music with new time signatures (COMING SOON!)
- New rehearsal recordings, emails, etc.

See you all on Thursday--David and Sue
